

Tom's Tumbler™ TTT 2100 System Dry Trimmer, Separator and Kief Extraction System

The TTT 2100 provides 50% more capacity than the popular TTT 1900 at a modest price difference, trimming up to 3 lb. (approx. 1.4 kg) per cycle, or 18 lb. (approx. 8.2 kg) per hour.

Functions

Dry trimmer/separator removes small leaves from flowers gently and efficiently, preserving structure, aroma, and trichomes. System trims, separates and extracts kief with interchangeable MeshNets.

Specifications

Furniture-grade PVC frame with high-torque, 50-watt DC motor with variable speed control (top speed 35 rpm), food grade aluminum drums and axle, and two MeshNets for trimming and separating, 151 micron net for kief extraction, clear funnel flow bag and removable dust cover. Dimensions: 26" x 26" x 48" (approx. 66cm x 66cm x 122cm). Some assembly required.

Warranty

All parts are covered by our one year warranty.

Features

- Fast and effective
- Produces hand-trimmed looking product
